

Lombard loan

Professional portfolio handling

Do you wish to optimize your portfolio by means of outside financing? We help you to manage your liquidity flexibly.

With a Lombard loan, you can build up your liquidity reserves without having to sell assets you hold in your account.

A Lombard credit is collateralized by the marginable positions in the existing portfolio. Marginable are all usual securities, precious metals, fixed-term and fiduciary deposits, as well as account credit balances.

Lombard loans can be drawn in Swiss francs or any other major currency.

Why VP Bank?

We are respected and renowned lender with many years of experience. We have achieved that reputation thanks to the combination of our flexibility and first-rate financing solutions.
